

Dear Member

Now that contract negotiations with Schnucks are completed, I wanted to personally remind the hard-working men and women of Schnucks about the long partnership between, UFCW Local 655, and the United Way of Greater St. Louis.

I've seen United Way up close. I've been honored to be one of many labor leaders in St. Louis on United Way's Board of Directors and I've served as the Labor Campaign Chair for the past four years. I am personally committed to helping United Way raise much needed funds to assist both Union members and the general public in their time of need. Not only does United Way offer incredible resources to strengthen our local communities, they also have dedicated services for union members - and have helped hundreds of your fellow co-workers through tough times. The stories of our own union members whose lives have been changed for the better because of this help would touch your heart.

For years, your Company has offered payroll deduction for United Way in an amount of your choosing. However, there are other ways to give. United Way makes it easy to contribute with a debit or credit card, or by check. Whether you give a single donation or regular contributions, you will help United Way continue to provide critical services to thousands of Union members all across St. Louis.

Here is how you can donate to help your fellow Union brothers and sisters:

- Donate through payroll deduction.
- Donate online by clicking here: www.stl.unitedway.org/ufcw655
- Contact your Union Rep if you need any other guidance, or have questions about accessing United Way services.

I hope you'll consider supporting United Way with a contribution in November. These donations are not designed to elevate Schnucks, or UFCW Local 655. These donations help United Way to continue to lift up our entire community, as well as your fellow union brothers and sisters.

Sincerely,
President David A. Cook, UFCW Local 655
