PREAMBLE

This Agreement is made and entered into by and between the Belleville Shoe Mfg. Co., hereinafter referred to as the "Company," and United Food and Commercial Workers Union, Local 655, hereinafter referred to as the "Union":

WITNESSETH THAT:

NOW, THEREFORE, in consideration of their mutual promises, the parties hereto agree as follows:

ARTICLE 1 - RECOGNITION

The Union shall consist of all hourly compensated employees other than office employees.

ARTICLE 2 - UNION SECURITY

SECTION 1. All employees covered by this Agreement shall be required as a condition of employment to become and remain members of the Union after the thirtieth (30th) day following the beginning of their employment.

SECTION 2. The Company shall not be required to discharge an employee for failure to attain or maintain membership in the Union unless it shall have received three (3) days' written notice from the Union prior to the date such discharge is to be effective.

SECTION 3. The Company agrees to permit an authorized representative of the Union to visit the plant. Except in cases of emergency, the Union representative will notify the Company in advance of the day she/he will visit the plant. Upon arrival at the plant, the Union representative shall notify the Human Resources Director. The Union representative will not interfere with the duties of the employees for Union business unless approved by management. The Company reserves the right to escort the Union representative at any time the representative wants to be present in working areas.

SECTION 4. The Company will allow the Union up to fifteen (15) minutes to educate new employees regarding their Union membership and for new employees to sign Union applications. The meeting should be held prior to the employee's 30th day of employment and will be unpaid. The Union must schedule the time in advance with the Human Resources Manager.

ARTICLE 3 - UNION DUES CHECKOFF

The Company will provide the Union with a dues check off service under the following terms and conditions:

SECTION 1. On the first and third Friday of each month, Company to provide employee list of all current employees, along with addresses and telephone numbers. Company to register new members and the Company to collect initiation fee provided proper notification is given by the Union.

SECTION 2. Once the Union notifies the Company of a new employee's membership, that employee will be added to the check off list.

SECTION 3. Once a week the Company will withhold current dues from all employees on the check off list. A check for the total dues withheld will be written to Union within one (1) week of the withholding from the last deduction of each month, along with list of all employees for which withholding was made.

SECTION 4. The Company will withhold all dues from any member in arrears, provided proper notification is given by the Union.

SECTION 5. Once each week or once each year, the Company will deduct from the pay of the employees, who have certified in writing, a political deduction. The Union shall furnish to the Company the amounts to be deducted in regular monthly billings. Employees who participate in the political deduction agree to continue in the program from May 1 to April 30 of each year in the same weekly dollar amount. Each May 1 an employee may change their deduction.

ARTICLE 4 - STRIKES AND LOCKOUTS

The Union agrees that there shall be no strikes, walkouts, stoppages or slowdowns of work, boycotts, secondary boycotts, refusal to handle any merchandise, picketing, sit down strikes of any kind, sympathy or general strikes, or any other interference with any of the operations of the Company and the Company agrees that there shall be no lockouts during the term of this Agreement. Violation of this Article by the Union shall void this Agreement. Any employee who violates this Article by causing or having caused a work stoppage, strike, slowdown, picketing or any interference of any kind shall be discharged by the Company.

ARTICLE 5 - UNION COOPERATION

SECTION 1. The Union agrees to cooperate with the Company in maintaining and improving safe working conditions and practices and in improving the cleanliness and good housekeeping of the plant. The Union agrees to cooperate in correcting deficiencies of employees which might otherwise necessitate discharge.

SECTION 2. The Union recognizes the need for improved methods and practices concerning the manufacture of quality footwear and agrees to cooperate with the Company in developing and implementing installation of such methods and practices.

SECTION 3. The Union recognizes the need for conservation and the elimination of waste and agrees to cooperate with the Company in suggesting and practicing methods in the interest of conservation and waste elimination.

SECTION 4. The Union and its members, in recognition of the fact that the security and welfare of the Company and its employees is dependent upon the future growth and economic stability of the Company, agree at all times, as far as their power, to further the interests of the Company.

ARTICLE 6 - MANAGEMENT RIGHTS

The listing of specific rights in this Agreement is not intended to be nor shall be restrictive of or a waiver of any of the rights of management not listed and specifically surrendered herein whether or not such rights have been exercised by the Company in the past. The management of the plant and the direction of the working force, including the right to hire, suspend, transfer, or discharge for proper cause and the right to relieve employees from duty because of lack of work or for other reasons, is vested exclusively in the Company; provided, however, that this will not be done for the purpose of discrimination against any member of the Union or in a manner contrary to the provisions of this Agreement. The Company shall have the sole right to decide the processes and types of machinery and equipment to be used; types of products to be manufactured; quality of materials and workmanship required; selling prices of products; methods of making and selling products; personnel to be employed in supervisory, clerical, management and salaried mechanical positions. For the duration of this contract, no further functions will be converted from Union positions to Company positions.

ARTICLE 7 - GRIEVANCES

SECTION 1. There may be one (1) shop steward in each of the ten (10) departments on each shift except fitting, where there may be two (2). All the necessary union duties of the shop stewards shall be attended to before or after their regular working hours unless specifically authorized by the foreperson in their department. A foreperson will not authorize such time unless the matter is, in the opinion of the foreperson, an emergency. Such authorized Union duty time for shop stewards shall be without pay and without any attendance penalty.

SECTION 2. Differences of opinion that may arise out of the application or interpretation of the provisions of this Agreement shall be termed grievances. Grievances may originate with either the Company or the Union. The Company shall neither show favoritism toward nor discriminate against any employee turning in a grievance or a shop steward involved in the processing of a grievance. All grievances must be discussed for possible resolution with the supervisor in the department. Grievances subject to these procedures shall be in writing. The written grievance will specifically state the nature of the grievance and the action requested.

All written grievances must be filed within ten (10) working days of the event which caused the grievance. The written grievance must be signed by the alleged victim of the events described in the grievance and the shop steward and foreperson in that department. The written and signed grievance must be presented to the Human Resources Director.

The Company will give its final answer in writing to all grievances within ten (10) working days. The written response, signed by the Human Resources Director, must be presented to the Union. The Union will have ten (10) working days after the date of the postmark of the Company's final answer to appeal a grievance to arbitration. The parties can extend the time limit by mutual agreement.

SECTION 3. For new or revised piece work rates established by the Company the ten (10) working day requirement of Section 2 is revised to not less than fifteen (15) calendar days and not more than sixty (60) calendar days for filing of a grievance after the date the rate is established. When there are no regular employees on a new or revised piece work rate job, any shop steward may file such a piece rate grievance within the allowed time. The Union will be notified in writing of any new jobs and piece rates brought into the factory within seven (7) workdays.

SECTION 4. If a machine is malfunctioning to the point of causing personal injury, an employee shall have the right to file a grievance and such shall be answered within eight (8) working hours.

SECTION 5. In any case in which an employee is aggrieved and the Union promptly notifies the employee that it does not intend to request arbitration after the Company's final answer, the time for requesting arbitration shall be stayed pending the employee's exhaustion of internal union appeals to the Union's Executive Board.

ARTICLE 8 - ARBITRATION

SECTION 1. In the event a grievance cannot be settled at any point up to and including the final answer from the Company, it shall, upon written request for arbitration by either the Company or the Union to the other, be referred to arbitration. Neither party shall accept a request for arbitration made by the other, unless said request for arbitration is given in writing by the Union to the President of the Company, or vice versa. No such requests shall be accepted unless given within ten (10) working days after the date of the postmark of the Company's final answer.

SECTION 2. If the Company and the Union agree on a single arbitrator, the grievance shall be presented to the arbitrator for final determination. Should the Company and the Union fail to agree on a single arbitrator, they shall immediately request that Federal Mediation and Conciliation Service submit a panel of seven (7) arbitrators. Either party may reject the panel in which case a new panel shall be requested. Each party shall alternately strike one (1) name from the list, and the one (1) remaining name shall be the arbitrator.

SECTION 3. Either party may order the proceedings to be recorded or transcribed, but whichever party does so, shall bear the cost of such record or transcription unless the other party desires a copy, in which case the cost of the record is borne equally by the parties. Where the record is ordered and paid for by only one (1) party, a copy thereof will not be made available to the other party. Any such record shall become the official record of the proceedings.

SECTION 4. The expense of the Arbitrator will be borne by the losing party.

SECTION 5. Where a party desires to file a brief following the close of an arbitration hearing, it shall be required to do so within three (3) weeks immediately following receipt of transcript of the proceedings unless an extension of time is granted.

SECTION 6. In arriving at a decision, the arbitrator shall not have the power to delete from, add to or in any way modify the provisions of the Agreement. The Arbitrator's decision will be final and binding upon both parties, providing the decision complies with the above and is confined to an interpretation or application of the express or specific terms and conditions of the Agreement.

SECTION 7. If consideration of a discharge case by an arbitrator results in an award of reinstatement of an employee, such employee shall be reinstated with all rights and privileges held before such discharge and full pay for all time lost not to exceed seventy-five (75) working days as a result of such discharge.

ARTICLE 9 - SENIORITY

SECTION 1. An employee shall be considered a regular employee when he has been continuously employed by the Company for a period of three (3) calendar months. Until the employee has the status of a regular employee, he shall have no seniority rights. A non-regular employee may be laid off or dismissed during the first three (3) calendar months of employment. The Company's action with respect to such non-regular employees shall not be subject to the grievance or arbitration procedure of this agreement, except for the limited purpose of permitting an employee who has been employed more than thirty (30) days the right to file a piece price grievance. After completion of three (3) calendar months of employment, employee's seniority shall begin as of date of employment. In addition to the above, any non-regular employee who is employed for four (4) full months in any consecutive twelve (12) month period will become a regular employee. Job seniority cannot begin before an employee becomes a regular employee but shall be retroactive to the date employee began the job. However, non-regular employees may not acquire any seniority on a job on which they have been placed, unless the bid process on that job has been exhausted. An employee being awarded a bid on a new job which a non-regular employee has been previously placed on prior to the job being bid shall have their seniority backdated on that job to the day before the non-regular employee was placed on that job.

A. Length of continuous service, as used in this Article, shall be considered to be time since last date of employment with the Company.

B. The Company and Union shall develop plans whereby employees may readily determine the status of their seniority. A seniority list shall be posted in each department and revised by the Company on June 1st and December 1st of each year. A copy shall be furnished to the Union and a copy to a Union Shop Steward. Whenever an employee changes jobs, such change of job shall be recorded on the Company's permanent seniority record. When an employee is moved to a different job by the Company, both the Union and the employee shall be informed, in writing, if their job seniority is changed.

SECTION 2. In a case a new job is created or a vacancy occurs, it shall be posted and advertised as open for bids. Each job open for bid shall be filled as far as possible within the department affected, but if no qualified person is available in that department to fill the vacancy, then such vacancy may be filled by a qualified person from another department. In all cases of promotion, the following factors shall be considered:

- A. length of continuous service
- B. ability to perform work
- C. physical fitness

Length of continuous service will be the governing factor when b. and c. are relatively equal.

When a job vacancy occurs within a department, it shall remain posted for a period of thirty-two (32) working hours except in any department working three (3) shifts where they shall remain posted for forty-eight (48) working hours.

Further, at the same time a job vacancy is posted in the department where it occurs, a similar notice shall be posted in all other departments inviting employees of other departments to enter bids, which would be considered in the event the opening is not filled by an employee in the department of origin. All announcements shall be removed simultaneously at the end of thirty-two (32) working hours except in any department working three (3) shifts where they shall remain posted for forty-eight (48) working hours. In addition, the Company will have a central board in the lunchroom where all current bids shall be posted. Employees who are not actively working will not be permitted in working areas.

Any other openings resulting from bids on the original opening shall remain posted for thirty-two (32) working hours, except in any department working three (3) shifts where they shall remain posted for forty-eight (48) working hours, with the understanding they shall not be removed before 8:00 a.m. of the day following the posting.

Promotion shall be denied an employee if (a) in the past six (6) months he has had over five percent (5%) unexcused absence, or (b) is on a final written warning. Promotion will not be denied an employee due to current pay when bidding on a piece work job.

In filling a job vacancy which has been posted for bid, the first three (3) bidders listed who actually work on the job will be permitted not more than twenty-four (24) hours each in which to decide whether they wish to remain on the job or not. If the first three (3) bidders do not accept the job, all other bidders will be allowed eight (8) hours trial time.

A successful bidder on a job vacancy, entitled to the twenty-four (24) hour trial period as stated above, shall be permitted not more than twenty-four (24) hours in which to decide whether they wish to remain on the new job. A successful bidder on a job vacancy, entitled to the eight (8) hour trial period as stated above, shall be permitted not more than eight (8) hours in which to decide whether they wish to remain on the new job. If the employee fails to express their desire to return to their former job within the time specified, the employee shall not be permitted to do so at a subsequent date unless the employee is laid off of work on the new job.

Furthermore, the employee shall be permitted only three (3) successful bids in a period of one (1) year running. (This shall apply only when the bid is on an established job which produces average earnings above the factory minimum in effect at the time). It is further understood that if an employee is moved for Company convenience before the employee has completed their twenty-four (24) hour trial period, the employee shall be able to complete the trial period when the employee returns to the new job. A successful bidder on a job vacancy, entitled to the eight (8) hour trial period as stated above, shall be permitted not more than eight (8) hours in which to decide whether the employee wishes to remain on the new job.

Bid sheets shall list the average rate of pay on the job and whether the job is piece work or time work. No bid sheets more than sixty (60) calendar days old shall be used for awarding of bids. If a job is not filled within sixty (60) days and if the Company determines it still needs to fill the job, it will be reposted. When applicable bid sheets shall specify shift (1st, 2nd, or 3rd) of work and approximately how many operators are needed. A steward will be given copies of original bid sheets and the name(s) of the successful bidder(s).

SECTION 3. Promoted employees, while learning a new operation, shall be guaranteed eighty percent (80%) of their hourly average on the job from which they transferred for the first twenty-four (24) hour trial period or first eight (8) hour trial period respectively. Any

employee who accepts a bid job as their new permanent job, shall be guaranteed ninety percent (90%) of the hourly average on the job from which they transferred for the first nine (9) weeks that the employee is on the new job. If the promoted employee is a time worker, it is agreed that the eighty percent (80%) and ninety percent (90%) calculations referred to above will not result in a hourly rate that is lower than the posted entry level rate for that job.

SECTION 4. During periods of normal production, all regular employees shall work on an equitable work-sharing basis. During periods of less than normal production, all regular employees shall work on an equitable work-sharing basis for a period of not more than six (6) weeks before a general reduction in force is made by the Company. "Periods of less than normal production" hereinabove referred to are defined as a work schedule at a rate of fifteen hundred (1,500) pairs or less a day.

SECTION 5. When such a period of less than normal production is to continue for a future time, thus requiring laying-off action, the work force will be reduced by removing from operations employee(s) with least amount of job seniority. An employee laid off his regular job who has seniority on another job in their department may replace the most junior employee on such other job. Such employee will pick up all seniority previously held on that job. An employee laid off his regular job who has no seniority on another job may replace a non-regular employee in the department whose work the employee is capable of performing; and will start building job seniority on that date. An employee laid off their regular job who has no seniority on another job and no non-regular employee to bump in his department may bump any non-regular employee in the plant whose work the employee is capable of performing. The most senior employee affected will have the choice of the available jobs he can perform. All bumping shall only apply to positions that will be in existence when the lay-off process has been completed factory wide. The effective time or piece rate of said same rated or lower rated operation will apply. The rate of pay for time worked shall be the hourly wage that employee would be earning had they been a time worker since the date of employment.

A. TRANSFERS WITHIN A DEPARTMENT

When an operator has bid or transferred within a department to another operation or job within that department on which the employee has had no previous experience, their seniority on his new job begins the date of the transfer. The employee's seniority on any former job or jobs is still in effect. No employee shall be permitted to acquire additional listing on his seniority card because of any reason other than promotion or bidding or bumping.

B. TRANSFERS BETWEEN DEPARTMENTS

When an operator is transferred to another department, the employee's seniority in the new department begins on the date of transfer and their seniority in the old department shall not be lost during the period of such transfer. Such operator shall have the privilege of returning to their previous operation in the event the operation in the new department is eliminated or when because of curtailment of production he would be the logical person to be laid off or taken off the operation.

SECTION 6. Any employee removed from their regular job due to lack of work will return to that job when work is available.

SECTION 7. Any employee who is on layoff for a period of twelve (12) consecutive months will be removed automatically from the employee list of the Company.

SECTION 8. An employee shall lose their seniority under any of the following circumstances:

- A. removal from the employee list
- B. if the employee voluntarily resigns
- C. if the employee is discharged and not reinstated via the grievance process
- D. if, after having been laid off and after being recalled by the Company, an employee fails to report to work within five (5) days after recall
- E. if it is determined that the employee has obtained employment with another employer during a leave. This does not apply to an employee who has been laid off.

SECTION 9. An employee shall not lose their seniority based on service with the Company in a supervisory capacity which does not constitute a break in continuous service. The Company shall inform the Union Representative for the Company and the shop steward for the affected department when an employee is moved into a supervisory position.

SECTION 10. When less than fifty percent (50%) of a department's normal work force is scheduled for production work on a regular workday or a Saturday and when unskilled work on backshoes is scheduled for that same day, such unskilled backshoe work will be offered to otherwise laid-off employees in the department based on Company seniority provided such employees can capably perform the work offered. The rate of pay to apply to such work for such employee shall be the time rate.

ARTICLE 10 - LEAVES OF ABSENCE

SECTION 1. Leaves of absence without pay and without loss of seniority will be granted to employees who qualify for such leaves under the Company's Family and Medical Leave Act policy.

SECTION 2. A leave of absence for a period not exceeding twelve (12) weeks will be granted to an employee who is unable to work because of illness or injury, including disabilities due to pregnancy, childbirth or related conditions, upon written request by the employee to the immediate supervisor accompanied by a statement from the attending physician describing the nature of the disablement and setting forth the anticipated period of time during which the employee will not be able to work. An extension of such leave for an additional period of time not exceeding two (2) three (3) month periods may be granted, if necessary, upon written request by the employee, accompanied by the attending physician's attestments as described above.

However, such leave and/or extension thereof may not exceed the employee's total length of employment with the company since the last date of hire; nor, in any case, exceed a total period of ten (10) months. Any employee who is unable to properly return to work at the expiration of their leave will lose their seniority.

SECTION 3. The parties to this Agreement agree to comply with all Federal and State laws governing the return of employee from military service.

SECTION 4. Except in emergencies, a leave of absence or an extension thereof is not considered authorized until the employee has received written authorization from the Company confirming the leave and the inclusive dates thereof.

If an employee submits a written request for a leave of absence at least five (5) days prior to the date the employee wants the leave to begin, the employee will get written notice as to whether or not the leave was approved.

A leave of absence will not be granted for the purpose of engaging in other employment. Employees who accept other employment while on leave of absence will be terminated if the employee could have been working for the Company.

In the absence of a confirmed extension of leave of absence, employees who do not report to work upon the first working day after date of leave will be terminated.

Employees who do not use a leave of absence for purposes which it is granted will be terminated.

Employees returning to work following a leave granted because of a disablement are required, before resuming job duties, to furnish a certificate from the attending physician attesting the employee's ability to return to work and perform their regular job duties.

To avoid unnecessary problems and to assist the Company to plan for future absences, and to become eligible for a leave of absence, employees must notify their Supervisor with regard to any anticipated future leave request as soon as possible after knowledge is gained concerning the circumstances requiring such leave of absence from work.

A leave of absence is considered to include anticipated absences from work for a period in excess of three (3) working days.

Upon timely return from an authorized leave of absence, employees shall be returned to the job they held prior to the leave of absence.

The Company reserves the right to obtain a second or third opinion, at its expense, from a physician in any request for a disability leave or release to return to work.

ARTICLE 11 - HOURS

SECTION 1. The regular work day shall be eight (8) hours, and the regular work week shall be forty (40) hours, Monday through Friday (starting on Sunday through Thursday for the third shift), inclusive, provided, however, that the regular work week of forty (40) hours shall be reduced to thirty-two (32) hours whenever one of the holidays named hereunder occurs or is celebrated therein; and the regular work week of an individual employee shall be reduced by eight (8) hours or such part thereof for each day or respective part of a day in a work week where the employee is absent from work, regardless of the reason for such absence.

The regular eight (8) hour schedule for the first shift shall be from 6:30 a.m. to 3:00 p.m. The regular eight (8) hour schedule for the second shift shall be from 3:00 p.m. to 11:00 p.m. The regular eight (8) hour schedule for the third shift shall be from 11:00 p.m. to 7:00 a.m.

Where changes in operation or construction require same, the Company may change permanently the regular hours of work of the employees on any particular operation without being required to pay overtime for the hours thus worked before or after the required factory work hours. The Company will inform the Union of such changes.

SECTION 2. Time and one-half (1-1/2) the straight time regular rate shall be paid for all production line hours worked in excess of the employee's work day or week as defined above.

Double (2x) the straight time regular rate shall be paid for all production line hours worked on Sunday or on legal holidays. This is premium pay.

No employee shall receive overtime and premium pay for the same hours worked. The employee shall be paid the greater of the two, but not both.

An employee will not be required to work more than three (3) consecutive Saturdays unless the Company is operating under contractual obligations to surge production pursuant to government request. A copy of such government request will be provided to the Union no later than the third consecutive Saturday.

SECTION 3. Payday shall be on the following Friday, unless there is a holiday on the following Friday in which event payday shall be the following Thursday. Pay checks shall be distributed by lunch on Friday. Pay checks shall be distributed by lunch on Thursday proceeding a scheduled Friday holiday if those checks are processed.

Employees underpaid on any weekly paycheck will be paid their shortage in a separate check that same payday provided the shortage is reported by 1:00 p.m. that day.

SECTION 4. Any work done on Saturday shall be from 6:30 a.m. to 11:30 a.m. however, work may be fully scheduled on Saturday, from 6:30 a.m. to 3:00 p.m. Employees shall be notified Thursday if Saturday will be five (5) or eight (8) hours. Exception to this Saturday work will be that no Saturday work will be scheduled immediately preceding a Monday holiday or immediately following a Friday holiday. When Saturday overtime work is scheduled, due notice shall be given by 11:00 a.m. on Thursday (or when a holiday falls on a Thursday the overtime notice shall be posted by 11:00 a.m. on Wednesday), and any absences other than for sickness shall be considered unexcused. In addition, the Company shall make every reasonable effort to notify affected employees as early in any week as possible when overtime work is to be scheduled for that weekend. Notification of any overtime to be worked during the regular Monday through Friday work week shall be given by 11:00 a.m. for overtime that day. When daily overtime is posted on days when there is a Union meeting, the notice will include that the overtime is voluntary. Where feasible, overtime posting will include specific jobs needed.

SECTION 5. Nothing in this Article shall preclude the Company from scheduling overtime work during any period at its sole discretion, except as provided in Section 4 above.

SECTION 6. An employee who is absent for any cause shall be required to give notification to the Company as soon as possible but no later than one (1) hour after their scheduled starting time on the first day of absence for the first shift; or one (1) hour after their scheduled starting time on the first day of absence for the second shift; or one (1) hour after third shift

scheduled end on the first day of absence for the third shift. The employee shall state the reason for said absence and its probable duration. The Company shall waive the foregoing in any case where it is impossible for the employee to give such notice within the time specified. If, at the end of their third day of absence, no report has been received by the Company, the absentee will be presumed to have quit without notice and will be replaced.

ARTICLE 12 - WAITING PERIODS

SECTION 1. An employee shall not be required to wait more than fifteen (15) minutes consecutively or for thirty-five (35) minutes cumulatively in a workday for a reasonable amount of work. Any employee who waits more than fifteen (15) minutes or thirty-five (35) minutes respectively for a reasonable amount of work shall be granted time work for the waiting time in excess of either of these amounts. Any employee who has a machine breakdown exceeding fifteen (15) minutes shall be granted time work for the time in excess of fifteen (15) minutes; provided same has been reported to the foreman of the department. If an employee is sent home because of lack of work, the employee's machine or operation remains idle for the remainder of the day.

SECTION 2. Employees on an operation shall be sent home or paid their hourly average in the event there is a reduction in flow of work to that operation. Layoff of employees being sent home early shall be made on the basis of job seniority. This section shall apply to all operations, part-time employees to be eliminated first. For application of this section, in the event a single operation does not constitute a full-time job, a combination of two or more piece work jobs will be designated as an operator's full-time operation. This section does not apply to non-regular employees.

SECTION 3. In the event any employee reports for regularly scheduled work, and work on the employee's job cannot be reasonably performed due to power failure, heating failure, inclement weather or other non-operability of the physical plant, and if the Company has not given due notice of no work at least two (2) hours prior to the start of such regularly scheduled work, either personally or by means of the local news media, such reporting employee shall be paid two (2) hours pay for that day at the employee's regular rate of pay.

ARTICLE 13 - WAGE RATES

SECTION 1. A current price list for piecework shall be provided to the Union within thirty (30) days of ratification of this Agreement. On the anniversary dates of this Agreement, the Company shall provide to the Union an updated price list which will include any new job prices. The per pair case price noted shall refer to a twelve (12) pair case.

Effective December 1, 2023, all employees who have been employed by the Company for more than five (5) years but less than ten (10) years on that date will receive a one-time three and one-

ARTICLE 25 - SUBSTANCE ABUSE

Pursuant to the Drug-Free Workplace Act of 1988, Belleville Shoe pledges itself to the following: Employees are prohibited from the unlawful distribution, possession or use of any controlled substance in the workplace. Absolutely no alcoholic beverage drinking on the premises will be tolerated, nor will any employee who appears to be under the influence of drugs or alcoholic beverages be allowed to work. Employees who test positive for either illegal drugs or alcohol will be subject to discipline up to and including discharge. However, prior to discharge, consideration will be given by the Company to the employee's length of service (if it is at least 3 years of continuous employment), work history, the seriousness of the violation and other factors involved. However, any gross misconduct will result in immediate discharge notwithstanding the factors set forth above. Should the employee not be discharged, the employee will be referred to an assistance program for evaluation, must complete the recommended program, and must sign a last chance agreement (which will include three (3) years of random testing) before returning to work. Subsequent positive tests will result in discharge.

The Company policy will not prohibit the use of prescription drugs in a manner approved by the prescribing physician.

The Company and the Union encourages any employee with alcohol or drug dependency problems to voluntarily seek professional assistance before the problem leads to an incident requiring disciplinary action. An employee who voluntarily enters an alcohol/drug rehabilitation

program will not be subject to disciplinary action as long as the employee complies with all program rules and finishes the program. However, notwithstanding the above, if an employee violates Belleville Shoe's established policy regarding unlawful distribution, possession, or use of a controlled substance in the workplace they will be discharged.

An employee will be tested for drugs and alcohol when:

An employee is involved in a work place accident where the employee or other employees require professional medical treatment. This includes repetitive injuries claimed under workers compensation. Any employee who tests positive for drug or alcohol at the time of such injury shall have their Workers' Compensation benefits reduced or eliminated to the maximum extent permitted by law, as well as being subject to immediate discharge.

An employee's inappropriate behavior warrants reasonable suspicion that this employee is under the influence of drugs or alcohol. The Company will meet with the employee and investigate the nature of the employee's inappropriate behavior. A Union Representative or shop steward or if neither are available, another member of the bargaining unit selected by the suspected employee will be present during the investigation. Within twenty-four (24) hours of an investigation, the Company will notify the Union of the name of the suspected employee and the name of the bargaining unit witness. If the Company determines that the employee appears to be impaired, the employee will be required to submit to appropriate testing at that time.

If an employee refuses to immediately submit to a drug and alcohol test, as outlined above, the employee will be discharged.

All appropriate transportation for suspected impaired employees will be provided by the Company, both to and from an appropriate location for a test.

All employees who are tested will be paid for all time lost from scheduled work due to testing.

Employees determined not to be under the influence of alcohol or drugs will be paid for all time lost from scheduled work due to being sent home.

Employees determined to be under the influence of alcohol or drugs will not be paid for any time lost from scheduled work due to being sent home and will be subject to immediate termination.

Drinking alcoholic beverages on the premises, even if the employee is not intoxicated, or the use of, and/or possession of illegal drugs or alcohol, will subject the employee to immediate termination.

All testing will be performed at a properly licensed accredited facility which follows the testing procedures to assure the most accurate results, maintain the most complete chain of custody and quality control procedures and assures confidentiality. All results shall be evaluated by a suitably trained Medical Review Officer prior to being reported. Testing thresholds will be set in compliance with State and Federal guidelines.

The initial sample will be split into two samples. One will be used for enzyme multiplied immunoassay test (EMIT). If this test is positive, a gas chromatography mass spectrophotometry

test will be used as a confirmatory test. The second sample will be retained by the testing laboratory. If positive, the employee will have the option, at the employee's own expense, to have the retained sample sent to a properly licensed accredited testing facility to be retested. The laboratory selected by the Company will maintain "chain of custody" on all specimens.

Belleville Shoe's policy regarding drug use in the workplace shall be posted on bulletin boards and included in the employee handbook. For drug counseling and rehabilitation an employee may use the services of the Employee Assistance Program.

In the event any test results do not establish that the employee tested positive for alcohol or drugs, then the Company shall expunge from its records all references to the testing.

Employees will be required to notify Belleville Shoe of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction. Belleville Shoe shall notify the contracting agency within ten (10) days after receiving notice of conviction from the employee or within ten (10) days of receiving actual notice of such conviction. If an employee is so convicted, the employee will be immediately discharged.
