ARTICLE 10 SUBSTANCE ABUSE

The United Food & Commercial Workers Union, Local 655 ("Union") and Darling Ingredients Inc. ("Employer") are concerned with preserving the health and safety of all personnel at the

facility. Both recognize that the use of controlled substances is inconsistent with the behavior expected of employees, as it subjects all employees and visitors to the facility to unacceptable safety risks and undermines the Employer's ability to operate safely and effectively. For this reason, the Employer has adopted and the Union has accepted the following policy concerning the use and possession of drugs and the means by which to detect their use and possession by employees.

Pursuant to the collective bargaining discussions conducted by representatives on behalf of the Union and the Employer, the parties have agreed as follows:

A. Failed Drug Test: Where an employee is tested for reasonable suspicion and the tests prove positive for drugs or alcohol the employee will be subject to discipline up to and including discharge. Prior to administering discipline, consideration will be given to the employee's length of service (if at least eighteen (18) months), work history, the seriousness of the violation and other factors involved. Should the employee not be discharged, the employee will be placed on a leave of absence and/or a disciplinary suspension for the first incident of a reasonable suspicion positive test. Should the employee not be discharged the employee will be referred to an assistance program for evaluation and must complete any recommend program.

Where an employee has failed a post-accident or a random drug or alcohol test by testing positive for prohibited substances, the employee will be terminated.

B. Voluntary Counseling: Employees who suffer from a substance abuse problem (drugs and/or alcohol) and who want assistance to stop using drugs and/or alcohol may enter into an EAP, at their own expense, pursuant to the terms and conditions of the Employer's Conditional Reinstatement Program.

C. Employees will be allowed to no more than a total of three (3) opportunities to seek Conditional Reinstatement during their employment.

D. An employee who has undergone Conditional Reinstatement for a failed drug test may still receive voluntary counseling conditional reinstatement as set forth in (b) above (such

F. Once the employee returns to work, the employee must comply with the terms and conditions of the Conditional Reinstatement Agreement for a period of two (2) years (which will include undergoing follow-up drug testing on a random basis) for as long as the employee is a “current employee”, for the duration of the Agreement term, *regardless of work status* (such as leave of absence for workers compensation).

G. In some cases the cost of rehabilitation may be covered under the employee’s group medical and disability plans. No other compensation or reimbursement of wages will be paid to the employee during rehabilitation time.

H. Employees who agree to participate in the Conditional Reinstatement Program will be bound by the terms and conditions of the Conditional Reinstatement Agreement set forth in the Drug Policy. If the employee does not agree to participate in the Conditional Reinstatement Program or if the employee fails to fully cooperate with the SAP or the EAP, the employee will be immediately discharged.

I. In the event the employee shall *ever* test positive for drugs or alcohol *at any time* following the execution of the Conditional Reinstatement Agreement, the employee shall be subject to immediate discharge. This provision shall survive the expiration of the Conditional Reinstatement Agreement’s term.

SECTION 9.
