

A SOLUTION TO YOUR DUES ISSUES

Your company deducts the cost of union membership from your paycheck and sends those funds to your union, UFCW Local 655. Unfortunately, there have been errors and some of you may have had the incorrect amount deducted from your paychecks. If you believe there have been errors made in deductions from your paycheck, please immediately inform your Bon Appetit manager as well as Sue in our dues department at 636-736-2724.

HOW IT WORKS

UFCW Local 655 has a solution that we believe will make it easier for your company to correctly deduct your dues.

Local 655 has requested Bon Appetit deduct your dues and send those funds to Local 655 for only weeks that you actually work a part of. The amount deducted will be based on the department you work in.

Your base dues rate is \$7.50 full time or \$6.00 for part time (*does not include initiation fee or arrearages), if you work in the following departments: cashier, waiter/waitress, dishwasher, busser/food service utility, host/hostess, cook/baker, cold food, barista or customer service.

Your base dues rate is \$8.50 for full time or \$7.00 for part time (*does not include initiation fee or arrearages) if you work in the following departments: catering attendant, warehouse/delivery driver or lead food unit.

* initiation fee is due for employees hired after the date of the first contract who do not have a withdrawal card from UFCW. These are only paid once in a lifetime if you get a free withdraw card. Arrearages occur if the proper amount of dues was not withheld from your check.

CHANGES FOR BON APPETIT PARTNERS OF UFCW LOCAL 655
